Foreword

Dear Readers,

We hope this annual will serve as a remembrance of your high school days.

Oh we love the halls of Cooper,
That surround us here today,
And we will not forget--
Tho' we be far, far away.

In the happy halls of Cooper,
We will raise our voices high,
A hymn of thanks and praise
To the great God on high.

One day a hush will fall,
The footsteps of us all
Will echo down the hall and disappear--
But as we sadly start,
Our journeys far apart--
A part of every heart will linger here.

In the friendly halls of Cooper,
Where we've lived and learned to know,
And thru' the years we'll not forget
Where e'er we may go.

We would like to extend our thanks to everyone connected with the 1964-65 LYNX for their cooperation, especially to Mr. Kuehn, who did so much to help us.

We hope you enjoy reading this annual as much as we enjoyed bringing it to you.

Dedication

We, the Annual Staff, dedicate the 1965 Lynx to Ricardo Ochoa. Ricardo, who is Cooperstown High School's first foreign exchange student, has already completed four years of high school in his native Columbia before graduating with the class of '65. During his stay here, he has shown the students the South American willingness to work in everything in which he has participated. We wish him success in the future.

This year our Lynx compiled an outstanding record of six wins and two losses. Led by the passing of Larry Rislov and the rushing of Larry Tang, the team moved into a three-way tie for first place with Hillsboro and Portland.

Throughout the entire season our defense did an excellent job of holding back the opposition. Credit must also be given to Coach Spitzer and Asst. Coach Skarp for their outstanding guidance and patience.

The highlite of the season for the Lynx was the game against Mayville. The turning point of the game came when Larry Tang cut off tackle for an 85 yd. T.D. run. The overwhelming rushing game by the Lynx was too much for the Lions' excellent passing game.

The only conference defeat was against Portland. The Pirates stopped Larry Tang and Larry Rislov to few yards rushing. They held our offensive team down and trampled us in their offensive rush. This loss took the pressure off the Lynx and they went on to end the conference season with two smashing victories.

Independent Floating Action! Each share floats up to 4" independently and without tripping.

Floats over small or sloping obstacles — trips to clear large obstacles: The force of the spring and the pulling force of the tractor combine to pivot the share back and up — clearing large obstacles with ease and without raising the plow.

Eliminate Share Breakage — Reduce Wear: The smooth floating and tripping action reduce shock and can double the life of the average share.
